

RECYCLE, REUSE, and MAKE A DIFFERENCE

Shoe fundraiser

New Street is going to be running a shoe drive fundraiser and we need your help. This fundraiser will help us raise funds for New Street but it will also help us reduce waste and most importantly, the shoes will be sent overseas to developing nations to help female micro entrepreneurs gain financial independence and shoe their communities.

We'll be collecting new and gently worn shoes to include men and women's sneakers, mixed shoes, work boots, children's shoes, etc. from **August 19 through November 10, 2024**. We will have a box for donations in the church as well as around the local Shepherdstown area for convenient drop-offs starting August 19.

Shoes can be in all sizes but **must be in pairs and still wearable**. Absolutely **NO stiletto heels, fuzzy slippers, or metal cleats**.

Our teams will collect, sort and pack the shoes for shipping. So please ask your friends, family and neighbors to donate their unwanted shoes. More information is to come as we roll out the project. Questions can be directed to Carol.Goldthorpe@gmail.com or by calling 304-396-5244.
